THE Pop Up Tent

The Pop-Up Eco Tent is changing the glamping landscape with a smart solution that delivers the ultimate versatility and durability to your site - allowing you to maximise your yearly returns.

NO APPROVALS REQUIRED

The Pop-Up Eco Tent thrives in remote locations where permanent tents aren't required, offering a quick accommodation solution that treats guests to a high level of comfort.

FAST INSTALLATION

Installation takes on average 8 hours with Eco Structures providing an extensive installation guide.

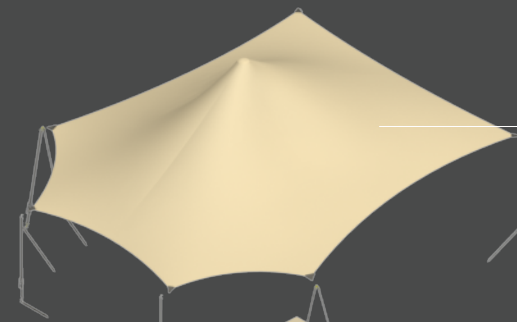

FAST ROI

Ability to charge high nightly rate equals fast return on investment.

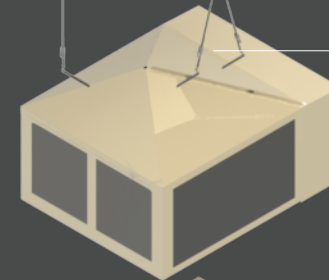

ECO FRIENDLY

Our Pop Up tents reduce carbon footprint through the flat pack freightable design, they leave minimal impact on the ground as they are raised and the product incorporates Eco Structures GOTS Certified - Global Organic Textile Fabric, and endlessly recyclable structural steel system.

Frequently Asked *QUESTIONS*

LEAD TIME

Our lead time is 90-120 days to manufacture | 4 weeks shipping | 1 day to install

INTERNAL FLOORING

We supply ply wood flooring as standard, however you may choose to vinyl, tile or deck the floor.

GROUND CONDITIONS

The site chosen for install must be a level site. Each footing at the base has 100mm of adjustment in the event of a slightly unlevel site.

CARE & MAINTENANCE

The maintenance required for Glamping Tents is minimal. Store bought products can be used to clean any marks.

REPLACEMENT PARTS

We offer replacement canvas panels, decking and roof flys for when there is a need. Just remove the current panel or part and replace with a new panel.

BED SIZE

A double or queen sized bed can fit perfectly. The Distance from the back wall to the pole is 2200mm (90.5in)

HEATING & COOLING

Our Glamping Tents can be heated or cooled with split system airconditionin, or a fireplace for the cooler climates.

WIND & FIRE RATINGS

The pop-up is rated to 100km/hr winds. When winds are expected to be higher than this, it is advised to dismantle the pop-up as warranty is removed.

STRUCTURAL SYSTEM

Hot dipped galvanised structural steel frame, with 15 Years Warranty.
