PREFABRICATED Bath Pods.

Today's intrepid travellers are seeking to check out of stuffy hotel rooms and check into stunning landscapes and authentic experiences. Glampers, with their itchy feet, thirst for adventure and the great outdoors, want to shake off the everyday and get out of their comfort zones – but there's one comfort they're reluctant to leave behind. That's where our Bath Pods come in.

Bathrooms are rooms that signify luxury and 'me-time' in today's world. We've taken that thinking to offer guests the chance to bring life's luxuries along on the journey with them. Your Eco Tent can be upgraded with one of our three bath pod choices:

- P1
- P2 UAT
- P3

The bath pods are finished in our light, mid or dark tone ranges, perfect for any location and project specifications.

Another ensuite choice is our add-on enclosure. This is the ideal solution for developers on a budget.

The ensuite is supplied in kit form and requires full assembly on site. Fittings and fixtures are selected per project requirements.

Attention to detail is found in our material selections:

- Lightweight steel
- Gypsum Plasterboard
- Floor and Wall Tiles
- Water proofing
- Plumbing and electrical
- Bathroom fitted with toilet, shower screen, mirror, brassware, cabinetry, accessories and all featured fittings in plans.

Bath Pods give your guests the luxury of a shower and toilet. Eco Prefabricated in a controlled environment to ensure workmanship meets the highest standards, the pods can reduce on-site installation time from months to a matter of hours, so you can start booking sooner.

- Flexible: Fits any Eco Tent or Cabin
- Easy install: Connects directly onto Eco Tents/Cabins
- Cost-effective: Cheaper than conventional bathroom systems
- Fully tested: Tested to meet and exceed regulations
- Ready for simple on-site connections to water, drainage and power mains
- Minimal waste on site
- Worldwide shipping: Developed to fit inside shipping containers

EASY MAINTENANCE

Bath Pods are installed with a service duct allowing for easy maintenance.

FIXED PRICE

A fixed price on every bathpod and finishes so there will be no surprises.

LESS WORK ON SITE

The project manager is able to deal with only one contractor instead of the traditional 10 suppliers and sub contractors.

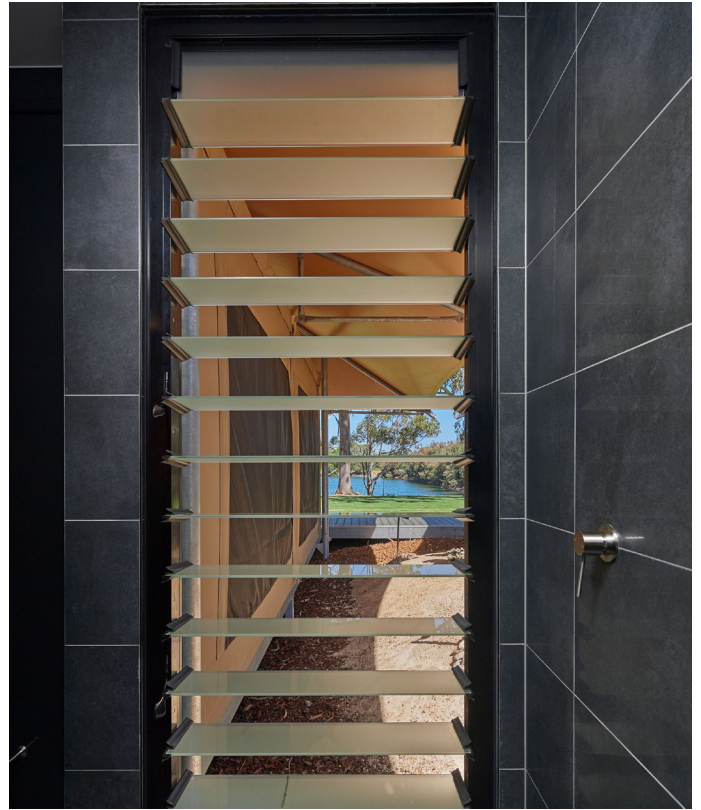

TIME SAVING

Using pods reduces the overall build program of the project and allows for fast installation on site.

PI - NUMBER 1 TOP SELLER

P4 THE ULTIMATE LUXURY

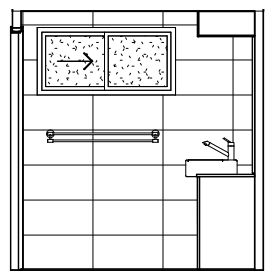

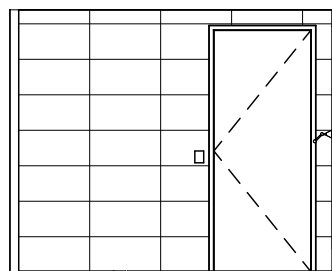

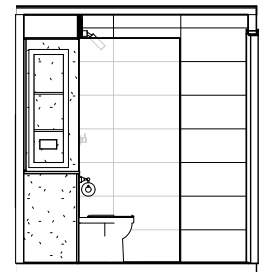

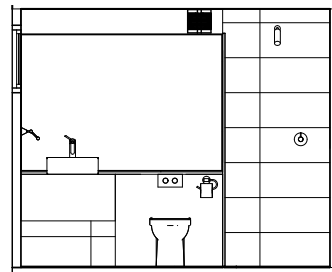

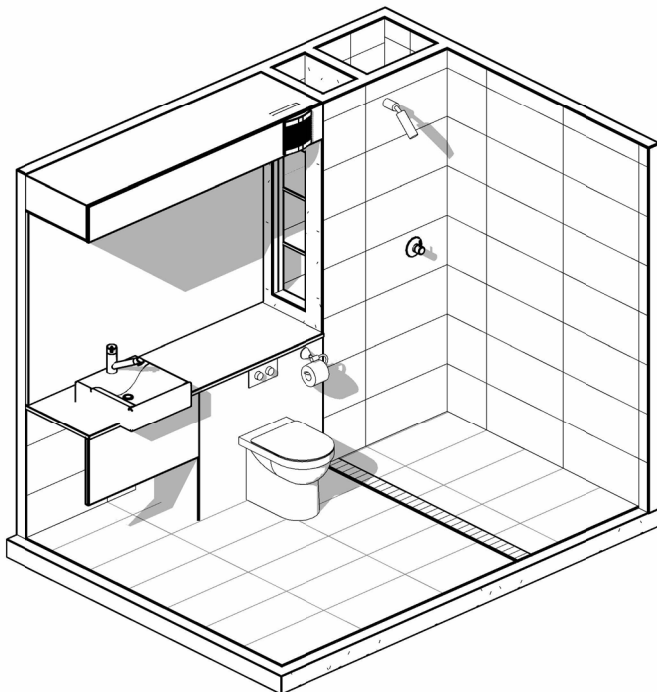

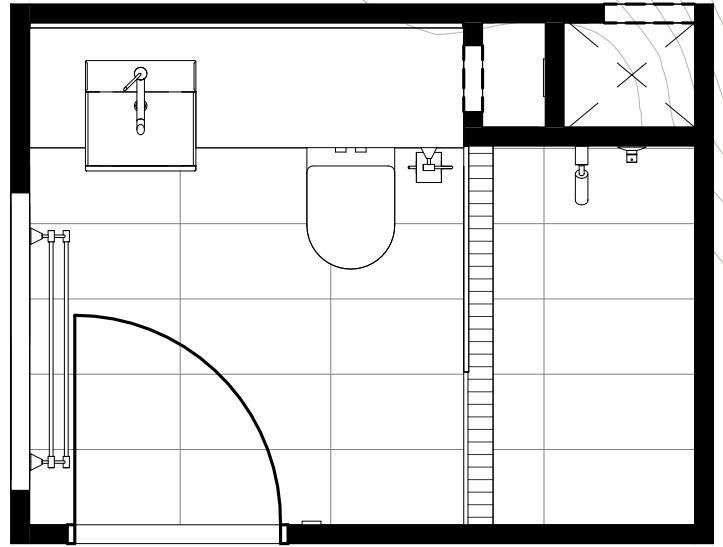

P1 BATHPOD

\$22,500 AUD, excluding GST

For the ultimate in premium ensuites, treat your guests to The P1 – a true game changer in the glamping and WABi scene that creates a soul restoring sanctuary for guests.

You will discover impeccable detail throughout this indulgent bathroom, from the tiled floors, full height tiled walls and matching tile skirt, to the 10mm frameless glass shower screen over a recessed triple anodized aluminium floor grate, concealed cistern and back-to-wall toilet pan, stunning vanity with stone bench top and high-end fixtures throughout.

As a result, we've created a level of comfort reminiscent of a hotel room, complemented by an upgraded electrical fit-out to set the mood and ensure your guests enjoy an unforgettable sensory experience.

4 x P1 BathPods fit into a 40ft high cube shipping container.

Prices exclude GST. Prices subject to change.

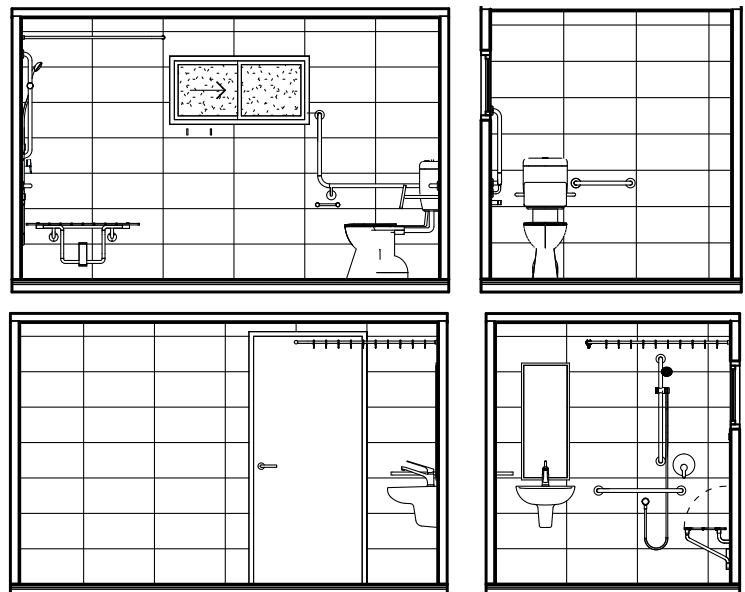

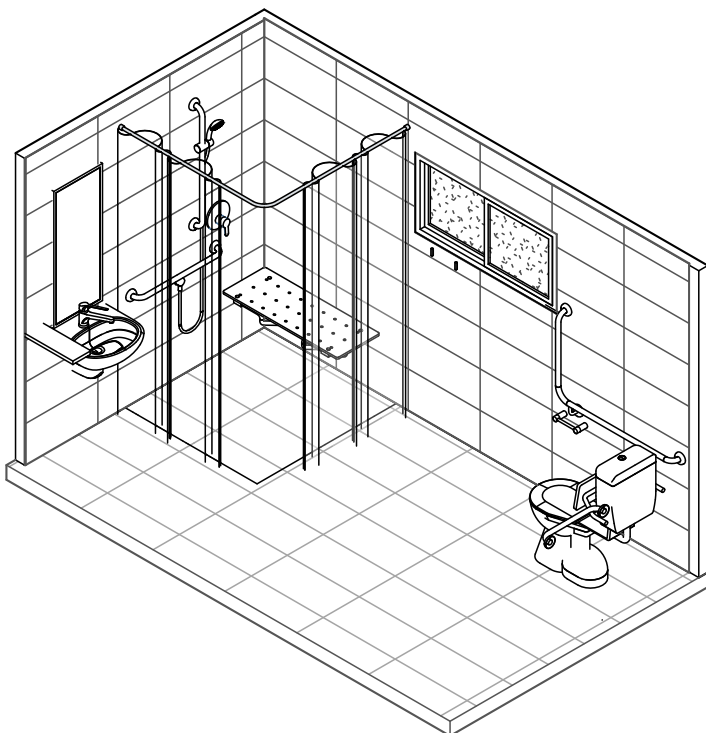

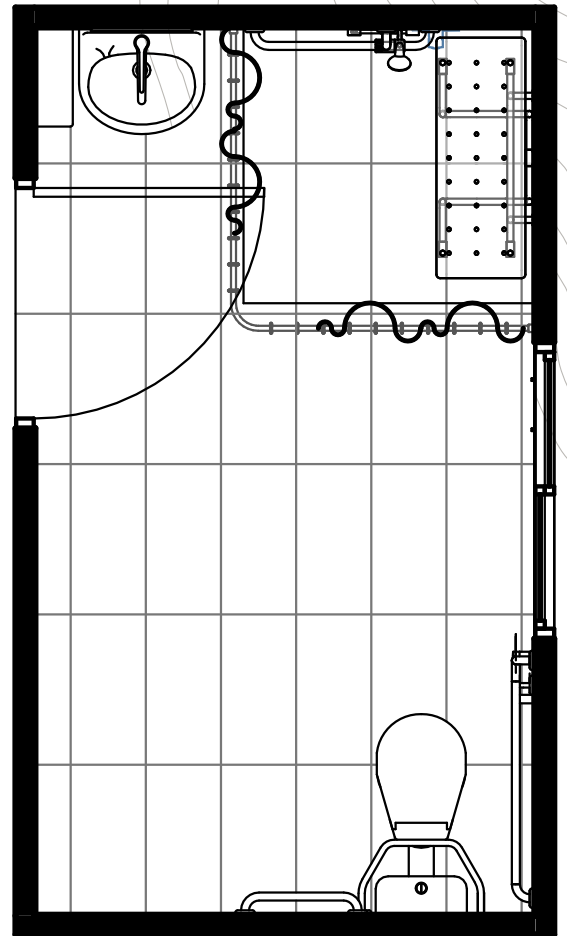

P2 BATHPOD

\$28,500 AUD, excluding GST

For the ultimate in universally accessible ensuites, treat your guests to The P2-UAT – a true game changer in the glamping & WABi scene that creates a soul restoring sanctuary for guests, no matter what their needs.

You will discover impeccable detail throughout this indulgent bathroom, from the tiled floors, full height tiled walls, to the wheel chair friendly roll in shower, accessible hand rails, raised toilet pan, bright and spacious design and high-end fixtures throughout. This bathpod is completely compliant to AS1428.1 Standards and allows your guests to feel safe without compromising on luxury.

As a result, we've created a level of comfort reminiscent of a hotel room, complemented by an upgraded electrical fit-out to set the mood and ensure your guests enjoy an unforgettable sensory experience.

PREFABRICATED Bath Pods.

Our bathpods can be shipped worldwide in high cube 40ft shipping containers. They are fully finished, tested, and ready for installation on traditional construction sites.

Designed for simple on-site connections to water, drainage, and power mains, they minimize on-site waste and reduce the need for contractors and trades.

To complete the external component of your bathpod, simply add a canvas wall or cladding.

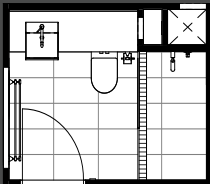

HOW MANY BATH PODS CAN FIT IN A 40FT HC CONTAINER?

Our bathpods are able to be shipped around the world in 40ft HC shipping containers. They are fully finished and tested, read to be installed into a traditional construction site. Bath Pods designs can accommodate for universal access unit (UAT).

OR OPT FOR ADD-ON ENCLOSURE

The add-on enclosure is the ideal solution for developers on a budget, operating in remote areas or the savvy hotelier looking to create an eco-retreat with an earthy, outdoor feel.

As an extension of your Eco Structure tent, the add-on enclosure, with its canvas wrap to the walls and ceiling over hot dip galvanized steel frame components, complements the tented resort look of your development whilst offering you to fit out the bathroom yourself. Install your own shower, vanity and toilet to retreat to restore and revitalise your guests.

This ensuite is supplied in kit form and requires full assembly on site.

Prices:

3m x 1.8m:	\$5,100
4.2m x 1.8m:	\$6,160
5m x 1.8m:	\$7,120
6.3m x 1.8m:	\$8,350

Prices exclude GST. Prices subject to change.
